

SERVICE OFFERINGS

A&C Corporate Services can provide Investment Managers, Corporations and their Attorneys with the expertise they need to create, administer and manage all their corporate services with a single point of contact. By leveraging over twenty years of experience in the investment management industry and our national network, A&C works with clients to provide them with accurate and complete services they need to set-up, manage and maintain entities throughout the entire United States.

A&C offers the following corporate formation and monitoring services for clients in all 50 States:

1. U.S. Partnership Representative Services
2. FinCEN Beneficial Ownership Reporting
3. Entity Formations and Registrations
4. Articles of Incorporations for Corporations
5. Registered Agent Services
6. Contract Agency Services
7. Corporation Kits
8. Publication Services
9. EIN Creations
10. Annual Report Filings
11. Filing of Documents to Ensure Good Standing
12. MLRO Services

A&C provides independent, accurate, and complete advice, guidance and support to the global investment management community by providing our clients with professional directors, fund governance services and strategic consulting services. The A&C team provides a high level of personal service to investment firms to ensure that they get accurate and complete information to operate in the constantly evolving regulatory environment. Our team will monitor and track all State due dates to ensure compliance and maintenance of good standing. We also have experience in risk management, investment management operations, capital raising and product development.

Please contact Felice Strachman at 561-948-1833 to discuss how we can work together.
